

Located in the seaside town of South Shields, Fairholme is a registered residential service providing 24-hour support for adults with mental health needs and learning disabilities.

## Introducing Fairholme

Fairholme is a 24-hour residential home supporting up to 21 adults with mental health needs and learning disabilities. We can offer support to people who may have spent an extended period in hospital, helping them transition safely and confidently back into the community.

Our approach focuses on helping each person lead an active and fulfilling life, while maintaining their individuality, independence, dignity, and respect. We are fully committed to person-centred planning, ensuring that each individual is at the heart of their own care and support. People who choose to live at Fairholme are encouraged to take part in a wide range of activities that reflect their interests. These may include leisure outings, visits to places of interest, shopping trips, and cinema visits – helping people stay engaged, connected, and empowered in their daily lives.
