

Ewer Court is a registered residential location consisting of self-contained flats and a shared courtyard. It offers support to people with physical disabilities, learning disabilities and sensory needs, who are encouraged to lead active and fulfilling lives, maximising independence.

Introducing Ewer Court

At Ewer Court, people are supported in all aspects of their lives including decision making, skill development and self advocacy, and will work together with every person to create a individualised support plan reflective of their current needs.

Each flat is fully adapted to meet physical disability needs, including a generously sized wet room.

The individuals we support are encouraged to be active within their local community, accessing facilities as they choose, such as pubs and restaurants, bowling, leisure centres and the cinema. We aim to offer a range of opportunities and experiences in order for people to develop their skills and learning, which can include support to attend local colleges and help with seeking employment. Our ultimate aim is to encourage people to lead fulfilling and active lifestyles.
