

Florfield is a registered residential location offering 24-hour support. It specialises in supporting adults with a learning disability and complex health needs. Florfield is situated in the heart of the London Borough of Hackney.

## Introducing Florfield

Florfield is a 24 hour residential home for four adults, designed to support people with learning disabilities who may also have complex health needs and use wheelchairs.

We aim to support people living in Florfield to lead active lives in which their individuality, independence, dignity, and respect are maintained. We fully embrace person centred planning, ensuring the person we support is at the centre in the delivery of our high quality care and support.

People we support who choose to live at Florfield are encouraged to participate in a wide range of activities of their interest.

## About Florfield

- The home offers ground floor accessible accommodation with four spacious bedrooms all with en-suite wet rooms.
- Bedrooms are equipped with various sensory equipment to create a relaxing and calming environment.
- Within walking distance of the Hackney Empire, Hackney Museum, local shops and restaurants, public swimming pool, Hackney Picture House, pubs and the London Fields Park.
- Good public transport links, enabling easy access to further facilities within and around the borough.

Enhancing the lives of the people we support 

## Our Services

- Are outcome-focussed and highly person-centred.
- Provide 24/7 residential care.
- Provide activities tailored to the interest of the individuals we support both in and out of the home.
- Are holistic, with person-centred care and support developed in collaboration with the people we support, their families and a multi-disciplinary team of health care professionals.

At a time that is right, we are able to offer a pathway to further independent living. This might include accessing one of our Supported Living or Outreach services. We strongly believe that every person we support should receive the right level of care in an environment that meets their needs wants and wishes.

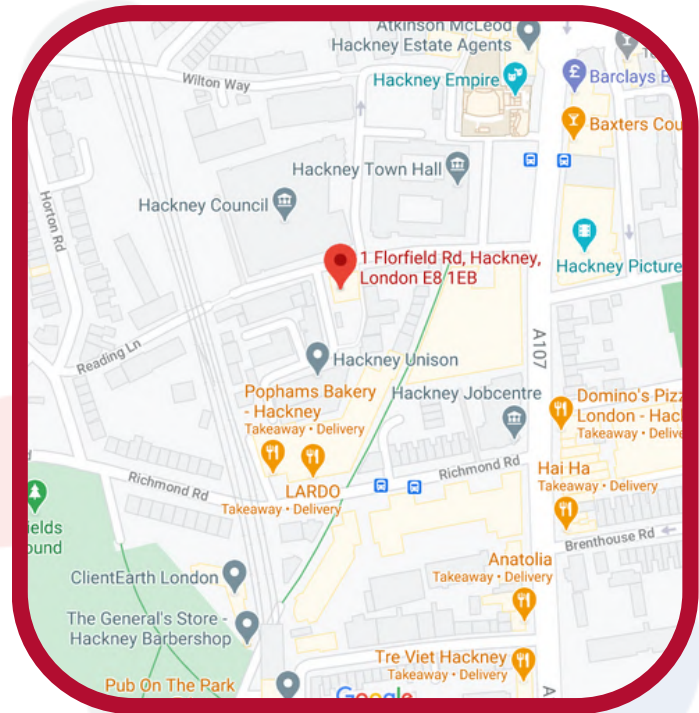

Please talk to us about how we can work with you to develop a transitions package.

*"[My relative] seems happy and is safe."*

*"We saw a wide range of comprehensive and up-to date risk assessments in people's care files such as those relating to nutrition, falls, and moving and handling."*

*"Staff developed caring relationships with people using the service. A relative told us, "I've never caught [my family member] on bad form when [they] come to me - [they are] always laughing. When [they're] going back [they are] not shouting and crying but happy to go back."*
