

Klein House is a cosy 2-bed residential care home in Plymouth supporting adults with learning disabilities, autism, physical disabilities and complex care needs to achieve their personal goals and aspirations while living their best life.

## Introducing Klein House

Klein House comprises two self-contained flats, one ground floor, and one first floor providing 24-hour support for two adults. Klein caters for individuals with complex needs including autism, bipolar disorder and learning disabilities. Both flats are fully equipped with kitchen, bathroom and laundry facilities in order to allow the residents to live as independently as possible. There is a strong ethos of enablement at Klein, so individuals are encouraged to develop and enhance their own life skills with staff providing support and guidance where needed. Care and support are delivered in a person-centred manner with the individual's own preferences and wishes as the focus of attention

## About Klein House

Klein House is situated on Albert Road, a short walk from Stoke village which offers a full range of local amenities: shops, surgery, cafes and restaurants. It also has excellent access to public transport, providing quick access to Plymouth city centre and its environs with all of the facilities offered therein. Decoration is carried out in collaboration with the residents in order to create a bespoke environment. Every effort is made to create a homely, welcoming atmosphere.

At a time that is right, we are able to offer a pathway to further independent living. This might include accessing one of our Supported Living or Outreach services. We strongly believe that every person we support should receive the right level of care in an environment that meets their needs wants and wishes. Please talk to us about how we can work with you to develop a transitions package.

Enhancing the lives of the people we support 

## Our Services

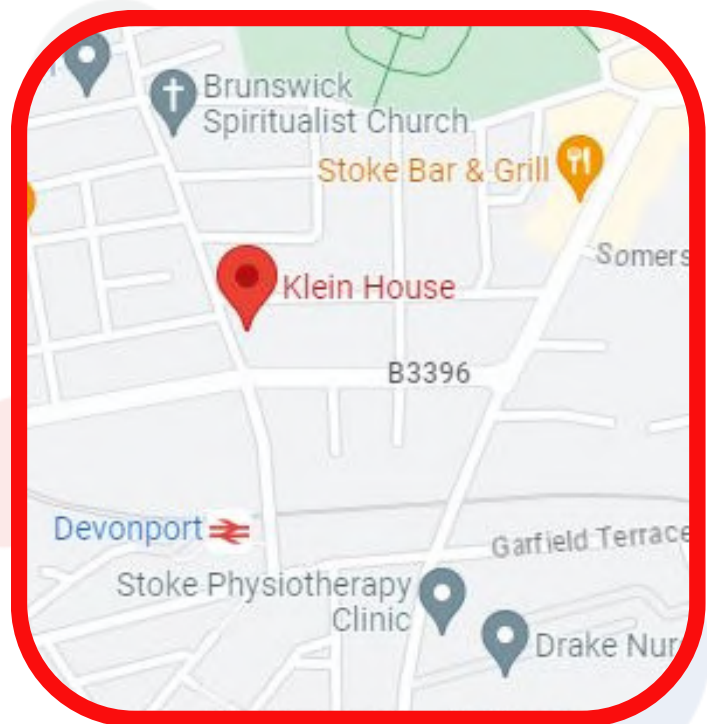

- Are outcome-focused and highly person-centred.
- Provide 24/7 residential care.
- Provide activities tailored to the interests of the individuals we support both in and out of the home.
- Are holistic, with person-centred care and support developed in collaboration with the people we support, their families and a multi-disciplinary team of health care professionals.

## The Team

The team is led by an experienced Manager with many years of supporting people with learning disabilities and complex needs. The staff team are committed and focused on meeting the needs of the people they support.

*"Staff placed people's wishes, needs and rights at the heart of everything they did. People and those important to them, including advocates, were involved in planning their care. Staff knew and understood people well and were responsive, supporting their aspirations to live a quality life of their choosing. Staff spoke about people respectfully. . "*
