

Rosehill House is a registered residential care home for people with learning disabilities who may also be on the Autistic Spectrum offering 24-hour support, supporting people with their self-care needs. Our staff Team support people to develop their existing skills to help in learning new ones and promoting opportunities for more independent living.

Introducing Rosehill House

Rosehill House is a three-story Building and Annex that provides accommodation for up to five people. Rosehill House is situated in the village of Ladock, seven miles from the city of Truro and with easy access to the A30. People living at Rosehill House are encouraged to participate in a wide range of activities of their interest. These include arts and crafts, baking, movie nights. Trips out in the community include visits to leisure centres, parks, cinemas, concerts, shops, gardening, and restaurants.

About Rosehill House

- The main part of the house accommodates three adults and consists of three spacious bedrooms, a bathroom, a wet room, a bedroom with ensuite facilities, a lounge/dining area and kitchen, a conservatory, and an office.
- The annex, which is wheelchair accessible, can be reached by a path from the main house within the grounds or along the road. It comprises a lounge, kitchen, dining area and two ensuite bedrooms, one with a wet room plus one additional shower/bathroom. The annex is surrounded by a large parking area with views of woodland and an outdoor patio area.

At a time that is right, we are able to offer a pathway to further independent living. This might include accessing one of our Supported Living or Outreach services. We strongly believe that every person we support should receive the right level of care in an environment that meets their needs wants and wishes. Please talk to us about how we can work with you to develop a transitions package.

Enhancing the lives of the people we support 

Our Services

- Are outcome-focussed and highly person-centred.
- Provide 24/7 residential care.
- Provide activities tailored to the interest of the individuals we support both in and out of the home.
- Are holistic, with person-centred care and support developed in collaboration with the people we support, their families and a multi-disciplinary team of health care professionals.

The Team

The team is led by an experienced Manager with many years of supporting people with learning disabilities and complex needs. The staff team are committed and focused on meeting the needs of the people they support.

They received appropriate information from staff and managers to contribute to their ongoing assessments. People's likes and dislikes were reflected in the assessment process. This meant people's individual needs could be fully assessed and met. The resultant care plans were personalised and reflected people's needs and aspirations, including physical and mental health needs".
