Introducing Searsons Way

Searsons Way is a 24-hour residential home for up to 4 adults, supporting people with learning disabilities, autism and other complex needs. We support people living in 40 Fairkytes to lead active lives in which their individuality, independence, dignity and respect are maintained. Staff training includes Positive Behavioral Support (PBS), Positive Management Support (PMS), and Makaton. We also have a Behavioral Team within our Organization to support/consult with the home in working with complex needs. We fully embrace person centred planning, ensuring the person we support is at the centre in the delivery of our high-quality care and support.

The people we support at 40 Fairkytes are encouraged to participate in a wide range of activities of their interest. These include accessing the community, visiting nearby parks, cinemas, leisure centres and shopping. Individuals can also be supported to take part in voluntary employment. In-house activities include painting, computer games, and gardening. People we support are also encouraged to partake in life skill sessions including meal planning and preparation, and budgeting.

Our Services

- Are outcome-focussed and highly person-centred.
- Provide 24/7 residential care.
- Provide activities tailored to the interest of the individuals we support both in and out of the home.
- Are holistic, with person-centred care and support developed in collaboration with the people we support, their families and a multi-disciplinary team of health care professionals.

The Team

The team is led by an experienced and committed Manager, who leads a caring and dedicated staff group.

At a time that is right, we are able to offer a pathway to further independent living. This might include accessing one of our Supported Living or Outreach services. We strongly believe that every person we support should receive the right level of care in an environment that meets their needs wants and wishes. Please talk to us about how we can work with you to develop a transitions package.

"It is amazing to see how the Fairkytes team have transformed someone with learning disabilities and autism to learn so many skills including trampolining, bowling, swimming, gardening, baking, and a whole lot of sensory activities."
