

Woodford Court is a residential home for people living with profound learning and physical disability, as well as autism.

Introducing Woodford Court

Woodford Court is a vibrant and welcoming residential care home with two purpose built spacious bungalows that give way to a medium sized garden with patio and grass area. The garden is accessible from patio doors in each service user's bedroom.

The home provides a safe and stimulating environment for up to 12 people. The people we support enjoy a wide range of community activities, including swimming, college courses such as drama and information and technology, socialising, and cooking. They also have easy access to churches, pubs and coffee shops that are all just around the corner.

Our dedicated staff team are highly experienced in supporting people with complex care needs such as NG feeding, PEG management, moving and handling and catheter care. We work closely with the person, their family, health and social care professionals to encourage greater engagement with the wider community and to ensure there is a person-centred approach.

Individuals are supported to develop general life skills including communication, and are supported to learn how to live as independently as possible.

About Woodford Court

- All individuals we support have their own bedroom with en-suite bathroom and overhead hoist and tracking.
- Each bungalow has a communal lounge and a large open plan kitchen, with access to the shared patio and garden area.
- Close to local shops which are only a 10-minute walk away, and local amenities are easily accessible.
- Great transport links - Woodford Green is on the Central line giving easy access to central London and the Southeast of England.

Our Services

- Are outcome-focussed and highly person-centred.
- Provide 24/7 residential care.
- Provide activities tailored to the interest of the individuals we support both in and out of the home.
- Are holistic, with person-centred care and support developed in collaboration with the people we support, their families and a multi-disciplinary team of health care professionals.

At a time that is right, we are able to offer a pathway to further independent living. This might include accessing one of our Supported Living or Outreach services. We strongly believe that every person we support should receive the right level of care in an environment that meets their needs wants and wishes.

Please talk to us about how we can work with you to develop a transitions package.

“There was clear guidance on what actions staff needed to take to minimise risks to people. A relative told us, “The staff know how to make sure [person] is safe and not at risk.”

“We observed people were treated with respect by staff and had their privacy and dignity respected. One person told us, “They [staff] do knock before coming in my room.”
